**DSM INSTRUCTION NO.II**

Memo No. Ch. 2/EA-105

Dated: 25.03.2008

**Subject: Energy conservation by AP consumers through proper installation of pump sets fittings at site.**

The instructions were issued vide DSM Instructions No. I dated 13.03.2008 on the subject cited issue.

The matter has been reviewed and has been decided that wherever consumer has not changed GI Pipes with PVC pipes and GI pipes are still in use on delivery side, the curved pipe bend should be connected using flanges to achieve a strong seal with gasket material.
