Memo No:-Ch-104/MON-260

Dated:-06-07-2007

Subject: Providing fencing around distribution transformer - targets.

It has been observed that the space around the distribution transformer especially in urban areas, installed on H-Pole or on the plinth is being utilized by the peoples for dumping of garbage or business activities by the venders. With such activities there are more and more chances of accidents which may pose to threat to the lives of the human being, as well as to carry out the maintenance of the transformers become very difficult. Whereas the regular repair and maintenance of the transformer is necessary to run the system smoothly.

In order to avoid any eventuality of human accident and also to safe guard the distribution transformer system specialty in urban areas it was decided by the Nigam vide CGM/P&D Instruction No. 31/2007/P&D dated 11.6.07 that unclimbed fencing of six feet height shall be provided in variably around the distribution transformer installed on H-Pole or on the plinth.

So as to achieve the goal to get the fencing provided on all the existing distribution transformers it has been decided by the Nigam to fix the target of senior officers also in addition to getting the work done from officials/field staff. The target fixed for the officers upto the rank of G.M. (OP) are as given below:

Sr. No.	Officer's rank	Target	Remarks
1.	G.M. (OP)	2 T/Fs per month	G.M. (OP) will get the fencing provided as per instructions on 2 No. distribution transformer above capacity of 200 KVA per month
2.	DGM (OP)	4 T/Fs per month	DGM (OP) will get the fencing provided as per instructions on 4 No. distribution transformer above capacity of 100 KVA per month
3.	AGM (OP)	4 T/Fs per month	AGM. (OP) will get the fencing

			provided as per instructions on 4 No. distribution transformers of his sub division.
