FMs-I, Incharge in DHBVN.

Memo No. Ch-17//SE/Comml/R-17/13/2007 Dated: - 21/3/2007

Sub: Conversion of existing LT tubewell connections to HT at Nigam's cost.

In order to reduce LT / HT ratio, Nigam has decided to convert existing LT tubewell connections in HT connections, the modalities of the scheme shall be as under:-

1. The scheme shall be applicable to those LT tubewell consumers only who install high efficiency motors and pumps carrying BEE (Bureau of Energy Efficiency) labels, list of manufactures is enclosed herewith.
2. SDO (OP) shall issue notice to all such existing AP, LT Consumers seeking his/ her option for installing BEE label pumps & motors within 30 days.
3. The pumps & motors shall be inspected by concerned SDO (OP) before and after installation
4. After receiving consent & verification report of pumps & motors, the work of conversion from LT to HT shall be carried out o turnkey basis at Nigam's cost.
5. The detailed scheme for conversion from LT to HT shall be submitted Circle wise to Chief Engineer (P&D) for arranging funds from REC.
6. LT consumers not opting for installation of BEE labeled pumps & motors shall continue to be covered under existing dedicated transformer scheme only.

Wide publicity of above scheme must be ensured by field officers & should be noted for meticulous compliance.

DA/As above
